

Voice, Data & Internet ►► Services Overview

Overview:

Asparian's Network and Telecom Services Group delivers assessments, design, integration and procurement of multi-carrier/multi-vendor voice, data and internet services.

- **We Are:** Mutli-Vendor/Multi-Carrier Neutral, Simple and Unbiased.
- **We Maintain:** Over 40 Carrier Relationships and have No quotas.
- **We Deliver:** In North America, Asia and Europe.

Asparian maintains experience beyond Telecom, allowing us to leverage other infrastructure areas of our company to ensure we are providing unbiased multi-vendor comparisons based on procurement availability and our client's needs.
